Student's Name: _____

University: _____

Tel: _____ Email: _____

Paper Title: _____

Professor Name: _____

Tel: _____ Email: _____

Industrial Supervisor Name (if applicable): _____

Industrial Site: _____ Tel/Email: _____

In order to qualify for the IEDM Roger A. Haken Best Student Paper Award, the work described in the paper must have been performed primarily by the student author. The purpose of this form is for the student's supervisor to validate that the work was indeed performed by the student author. In some cases students perform part of their thesis work at an industrial site. In that case, the industrial project supervisor must also state that the work was done primarily by the student.

	Please check one	
	Yes	No
Was the work in the paper performed primarily by the student?		
Was the work in the paper primarily performed by the student at his University?		
Was the work in the paper primarily performed by the student at an industrial site?
