

January 2021

Hello,

On behalf of the Management Committee of the IEEE International Reliability Physics Symposium (IRPS) and the IRPS Board of Directors, it is my pleasure to invite you to showcase your company at the 2021 symposium - March 21-24, 2021. During the virtual event, more than 400 attendees will be interested in speaking with you on their future equipment, simulation, or service needs.

This is a great opportunity to get to know the community, or if you are already familiar with us, to renew and broaden relationships with world-leading researchers from across the globe.

For 59 years, IRPS has been the premier conference for engineers and scientists to present new and original work in the area of microelectronics reliability. Drawing participants from the United States, Europe, Asia, and all other parts of the world, IRPS seeks to understand the reliability of semiconductor devices, integrated circuits, and microelectronic systems through an improved understanding of both the physics of failure as well as the application environment.

We look forward to ensuring your attendance at the symposium is a success. For additional details of exhibitor offerings, please see the rest of the prospectus. If you have any questions, please do not hesitate to contact me or the conference manager, Lisa Boyd, at l.boyd@ieee.org.

Sincerely,

Patrick Justison

2021 International Reliability Physics Symposium Virtual Exhibitor Prospectus

IRPS 2021, for the first time in the conference's history will host exhibits virtually, using the Underline virtual conference platform. Leveraging this platform, you will still be able to:

- Let your customers know that your company is a leader in semiconductor device and systems reliability.
- Reach the niche market of microelectronics reliability engineers participating in the Symposium.
- Discover new opportunities in reliability test and physics of failure that will help guide the future strategy of your company.

For more than 59 years, the International Reliability Physics Symposium (IRPS) has been the premier conference for engineers and scientists to present new and original work in the area of microelectronics reliability. Drawing participants from the United States, Europe, Asia, and other parts of the world, IRPS seeks to understand the interplay between the reliability of semiconductor components, integrated circuits, and microelectronic assemblies through an improved understanding of both the physics of failure as well as the application environment.

IRPS 2021 Exhibit Booth Opportunities:

Virtual Booth - \$2,000 per booth

Virtual booth package includes:

- A tile with your company name and logo prominently displayed in the exhibitor section on the virtual conference linking to your virtual room
- Working directly with underline.io representatives you will be able to create your virtual booth with company materials like product and service descriptions, pre-recorded videos, links to the company website, and more.
- Each virtual booth can host live video demonstrations, and live messaging as well.
- Technical session moderators to advertise exhibitors and encourage attendees to explore the exhibitor tabs during lunch breaks.
- Each virtual booth will receive up to 3 Full IRPS registrations with admission to the exhibit area and all workshops, tutorials, technical sessions, poster sessions and a copy of Symposium Proceedings
- Logo and Link to company URL on the 2021 IRPS website - <https://irps.org>

Payment Details:

- Checks: Please make payable to IRPS 2021, and send to IRPS 2021, c/o IEEE Meetings, Conferences & Events (MCE) – 445 Hoes Lane, Piscataway, NJ 08854
- Credit Cards: Please send information to the IRPS, Registration Manager: Brianna Hunt (IRPSreg@ieee.org) – or pay online at <https://www.cvent.com/d/tnqdb3/4W>

IRPS Highlights:

- 400+ professionals from the semiconductor reliability field
- 90+ platform presentations and invited talks
- 50+ posters at the evening reception
- 20+ tutorials
- 10+ workshops and panel discussions

EXHIBIT RULES - 2021 IEEE - IRPS

CONTRACT - This application, properly executed by Applicant (Exhibitor) shall, upon written acceptance and notification of booths assigned by 2021 IEEE International Reliability Physics Symposium hereby referred to as IRPS, constitute a valid and binding contract.

QUALIFICATIONS FOR EXHIBITING

Exhibitors must be manufacturers or representatives of manufacturers that produce products or perform services which conform to the subject matter covered by the symposium technical program. Management reserves the right to accept or reject any exhibitor.

EXHIBIT SPACE CHARGES AND CANCELLATIONS

All exhibit space will be rented at the rate described. Full payment must accompany the application for space. If an exhibitor must cancel space already contracted for, the following cancellation fees will be assessed:

PRIOR TO March 1, 2021 - \$500.00

AFTER March 1, 2021 - Full Payment Received

Cancellation fees will be assessed whether or not the canceled space is reassigned to another company. Cancellation notices must be written and signed by the appropriate company official.

APPLICATION FOR EXHIBIT SPACE - 2021 IEEE IRPS

We hereby apply for exhibit space in the VIRTUAL 2021 IEEE - International Reliability Physics Symposium, March 21-24 2021.
We agree to abide by the Symposium Exhibit Rules as stated within the Exhibit Prospectus.
